

# .NET Core Microservices – True Ultimate Guide

## Section 16 – Microsoft EntraID (B2C Authentication) – Cheat Sheet

---

### Introduction to Entra ID - B2C Authentication

## Introduction to Microsoft Entra ID

Microsoft Entra ID, formerly known as Azure Active Directory (Azure AD), is Microsoft's cloud-based identity and access management service.

It provides secure single sign-on, multi-factor authentication, and conditional access to help protect users and resources across Microsoft services, Azure, and other applications.

### Entra ID - Authentication
